

# Island Trunk System

Revised 18 June 2016

The latest Trunk System block diagram includes the most recent additions and changes to the Island Trunk System. **GREEN** repeaters are normally left connected together via the trunk so what goes in on one is heard on all. **BLUE** repeaters are not permanently connected to the trunk but may be connected at the user's pleasure. Please disconnect after use. **ORANGE** repeaters are a backup only and are only to be used on demand in the event that the primary repeater has failed.

Please see our website for the latest Information.
